

OUTDOOR LED LIGHTS INTRODUCTION

Lately we have started manufacturing LED Street light with our own technology and self developed components and are in the market for last 2 years. Our rugged and unique design ensures trouble free operation in outdoor area and erratic electric supply conditions. This confidence enables us to offer 5 years warranty on the product

We use OSRAM, Germany LEDs (LM 80 Certified), Special and effective heat management mechanism and very robust ballast which makes our Lamps very reliable.

During course of these days we have carried out Pilot Project at following major locations.

- | | |
|-------------------------------------------|------|
| a. Pimpri Chinchwad Municipal Corporation | 140W |
| b. Pune Municipal Corporation | 45W |
| c. Nashik Municipal Corporation | 45W |
| d. Nashik Municipal Corporation | 140W |
| e. Reliance Energy | 90W |
| f. Siemens Limited | 45W |
| g. IOT Infrenergy (Oil Tanking Terminal) | 140W |
| h. BEST Undertaking | 45W |

At the same time, during this period, we got our LED Street Lights tested at

- MSME Laboratory
- UL Labs USA – LM79

At UL Labs, we carried out Lumen depreciation test also. The results show Lumens depreciation of 1.2% in the period of 1000 hours. Please note that this is a result of our unique heat management system for which a patent application has been filed.

Our product are approved by

- PWD Maharashtra
- MIDC

Our LED Street Lamps are carrying 'CE' marking (As per European Standards) and adhere to all safety norms prescribed therein.

We have executed orders from, Siemens, Endurance, Pune University, GAIL, Clariant Ltd., Rhodia Chemicals, Deepak Nitrite, APM Terminal,

The results at all places are monitored and we had no failure and no lumen depreciation at any place.

Do you need any further information, we will happy to provide the same.
